CADD Microsystems, Inc. Earns Autodesk Consulting Specialization
CADD Microsystems' Consulting Services for AEC and Government Industries
Meets Autodesk's High Standards

ALEXANDRIA, VA, AUG 16, 2011 – CADD Microsystems, Inc, an Autodesk Gold Partner in AEC and Government, today announced that it has earned the new Consulting Specialization designation for value added resellers from [Autodesk, Inc.](#), a world leader in [3D design](#), engineering and entertainment software. As an Autodesk Consulting Specialized Partner, CADD Microsystems has shown significant investment in their people, has a solid consulting business plan, and offers a high level of knowledge and support to customers in the AEC and Government space.

As one of only 20 partners worldwide to earn this designation, the new Autodesk Consulting Specialization enables CADD Microsystems to highlight and brand its expertise in delivering services in key industry areas. By completing the required curriculum and training, as well as meeting required levels of service and standards set by Autodesk, CADD Microsystems demonstrates what it means to be a trusted adviser to Autodesk customers through their strong customer service and support in sales.

“CADD Microsystems has consistently impressed us with their commitment to their customers,” said Dave Rhodes, vice president of Americas sales at Autodesk. “Being one of the first partners to achieve the Autodesk Consulting Specialization is just one more example. Earning this designation only increases the value they can provide to their customers.”

“Our goal as a company is to see our customers succeed by providing them with the best possible solutions to their design challenges, and our consulting services feature prominently in our offering, in addition to software, training and support,” said Matt Davoren, president and COO

of CADD Microsystems. "This recognition from Autodesk validates the importance we place on our consulting services, and we are pleased to see that this in turn will benefit our customers."

Customers find CADD Microsystems' services valuable and professional. "CADD Microsystems did an outstanding job of laying out a plan and setting the expectations for the transition from Microstation to Revit software, allowing us to plan our business accordingly." said Bill Gridley, partner at Bowie Gridley Architects.

About CADD Microsystems

CADD Microsystems, Inc., Autodesk's Reseller of the Year for 2010, is based in Alexandria, Virginia, with offices in Baltimore, Maryland. CMI is an Autodesk Gold Partner with more than 23 years of experience with architectural, engineering and construction design software solutions. Staffed with registered architects, professional engineers and LEED accredited consultants, CMI collaborates with customers from needs analysis through implementation, including process consulting, data migration, custom development and training. CMI has been the number one Autodesk federal dealer since 1991, and works closely with federal, state and local government agencies as well as commercial design firms to provide solutions in support of Building Information Modeling and other mission critical objectives.
